## Ad Requirements

1. All ads, logos and copy must be submitted on CD-Rom or E-mail (if under 10.0 MB)
2. **Software to create Ad(s) must be Macintosh supported!** Otherwise, please submit a PDF file following the criteria below.
3. All ads and logos must be created using **CMYK** colors. **(RGB, LAB, PMS or Pantone colors will not be accepted)**
4. Native files may be sent **ONLY** from the following programs: **QuarkXpress, Illustrator or Photoshop.** All fonts and linked images must be included. (If created in Photoshop or Illustrator for WIN, all fonts must be embedded or outlined.)  
**NO Word files of any kind will be accepted as ads.**
5. **All black type must be 100% black (C=0, M=0, Y=0, K=100%).**
6. Call your advertising representative before submitting an ad & verify the exact ad size, placement date and section placement.

## Creating PDF Files

If you are providing a PDF file, you must adhere to the following criteria:

- Create PDFs using the PRESS option on your Distiller.
- PDF files must display the same dimension as the ad; if you have a full-page ad with a bleed, the PDF size should be 11.25 inches height x 8.75 inches width.
- All colors must be CMYK. Convert all RGB, LAB, PMS and Pantone colors and objects into CMYK before making the PDF.
- **All fonts must be embedded.** Make sure to select this option in your PDF setup before making the PDF.
- All images must be hi-resolution (300 dpi) using CMYK process color.
- **ANY PDFs not meeting these requirements will be rejected!**

**NOTE:** PDF is a multi-purpose format. PDF files can be created as low resolution for the Web and as hi-resolution for print output. It is **VERY IMPORTANT** to note that low resolution PDF files cannot be used for print output.

**PDF files created for Web and PDF files with low resolution images will not be accepted.**
